Rolf Joachim & Rolf Hendrik Hartge

ROLFHARTGE

Official Partner of Mercedes-Benz
Group AG for customized automobiles.

Rolhartge Automobiles are more than made in Germany:
with selected materials of the highest quality, handma- de
by a Saarland family business with over 40 years of
tradition and expertise for the sophisticated individualist.

ROLFHARTGE

TRADITION, INNOVATION & TOP PERFORMANCE

Our origin is the passion for unique automobiles and motorsports. More than 40 years of experience stand behind the Saarland family business, the today's automobile manufactory, the name Rolf Hartge and the development and production of our unique vehicles.

Thus, from the very beginning, the ROLFHARTGE brand represented innovative new products for the ambitious individualist - handmade with passion, built by people who are skilled in their craft, and loved by people who appreciate the extraordinary.

AeroVan – OUR PROGRESS IS GREEN

The wind tunnel measurements of the AeroVan 1:5 model have revealed the best value of $c_w = 0.20$. This result corresponds to the value of the current aerodynamics world champion Mercedes-Benz EQS – energy instead of fuel consumption.
